TECHNICAL SKILLS

- Python
- C/C++
- MATLAB
- MIPS Assembly
- SolidWorks
- Excel / Powerpoint
- 3D Printing
- Data Analysis
- CNC Machining, Milling, Drilling

SOFT SKILLS

- Reliable under pressure
- Strong project management skills
- Friendly and positive attitude
- Problem solving
- Clear communication
- Strong presenting skills

LANGUAGES

- English (Fluent)
- Mandarin (Fluent)
- Malay (Intermediate)
- Cantonese (Intermediate)

PROFILE

A hardworking student of Mechatronics Engineering and is motivated to learn more. Has strong foundation and understanding of CAD design, programming (C/C++, Python, MATLAB), electrical circuits, and mechanics. Experienced in tackling hands-on engineering projects that requires team management, and can solve complex problems under pressure.

ACHIEVEMENTS & QUALIFICATIONS

- Warman Design and Build Competition (Monash Malaysia)** - Champion (1st Place) 2025
- Certified SolidWorks Associate (CSWA)** 2025
- Monash High Achiever Award** - Bachelor of Engineering 2023
- Peer Mentor (organized by MUFY)** 2023
- Coursework obtained knowledge:** Electrical circuits, AI in manufacturing, Neural networks and deep learning, Systems Programming, Digital Systems, Advanced Engineering Mathematics, Mechanics, Thermodynamics

EDUCATION

- Bachelor of Robotics and Mechatronics Engineering** 2023-Present
School of Engineering | Monash University
GPA: 3.938 / 4.0
WAM: 88.615
- Monash University Foundation Year (MUFY)** 2022-2023
Monash University
MUFY Score: 96.25

WORK EXPERIENCES

- FRED Malaysia** 2024 - 2025
Sales Associate (Part Time)
 - Present items in a well-mannered fashion, highlighting main components and attractive details.
 - Address customers needs and wants, and recommending products that are suitable for them.
- WATSONS Malaysia** 2023
Retail Assistant (Part Time)
 - Strong collaboration with colleagues to achieve sales goals, with clear management of roles
